THIRD ORDER OF BUSINESS

Staff Reports

Mr. Quesada: Jumping into staff reports, Ginger.

A. Attorney

Ms. Wald: Don't forget to do your ethics training, it's due by December 31st of this year, it's the 4 hours, I know we provided it before, the email, so if you haven't done it already, I'm doing my CLEs right now for the end of the year as well. So, it's self-reporting, nobody is going to look over your shoulder, nobody is going to check your homework, there's no test at the end but, it is your obligation to complete that.

Mr. Castillo: Is there a way to confirm if we already did it?

Ms. Wald: Only you would know that.

Mr. Castillo: Ok, I feel like I may have already done it.

Ms. Wald: And I think 2 of the 3, you actually receive an email confirmation.

Mr. Castillo: Right.

Ms. Wald: So, you might want to go back and see if you received that email confirmation.

Mr. Castillo: Ok.

Ms. Wald: But again, if you believe that you did it, you probably did, but you can check on that.

Mr. Castillo: Ok.

Ms. Wald: We'll confirm but, if I don't see you before the end of the December, I want you to know that deadline.

Mr. Castillo: And then there is no, you said no confirmation in the sense that we don't have to provide anything back.

Ms. Wald: So, what is going to happen next year when you complete your Form 1, remember that form that's due every July 1st every year, you'll see in that little section, you'll need to check that box that says you did complete your ethics training.

Mr. Castillo: Ok, perfect.

Ms. Wald: The only other thing is, it was requested by the chairman, was to provide an answer, so legal questions regarding voting conflicts, conflicts of interest, we've provided those responses, there's nothing in front of us today dealing with those issues in and of itself but, I just wanted to provide to the Board that information was provided. There was nothing

in there per se that had to be addressed today, and we do also have it just in an attachment form, and that could be provided to you as well if the other Board members would like to have it that could be disclosed but, because it was a direct email we don't have the violation of any type of Sunshine Law but, I do have that information and Ben will have it as District manager to provide that attachment directly to the other two Board members. That's it, that's all I have.

Mr. Quesada: Thank you.

B. Engineer

C. Field – Monthly Report

Mr. Quesada: Putting on my field manager hat for a minute, just a couple of things to touch base on, I did follow up, and I know Ginger is just trying to get the substantial form joint participation with FLOCK Security squared away. I followed up with Kyle, as you know I'm missing some specifics, and how to use the agreement as an exhibit, it's going to help her out as far as getting that done and it's already been agreed in substantial form, and we will circulate for execution once we have the documentation finalized. I did note in the report I was actually here, I saw a gentleman get like a dish.

Mr. Castillo: Yes.

Mr. Quesada: So, I saw him doing it his work, he was actually working on the CDD monument there off of 117th, and so I made sure to document that as well but, it's looking great so far.

Ms. Castillo: Yes, and we are about 80% completed, so I happened to email and copied him, if there's a specific ask, he's the sales person, so I expect that communication with him from this point ongoing will be challenging, he did his part but, there are other contacts that we can probably direct those questions to, or we may already have the answer.

Mr. Quesada: And where I left was there were some folios that were incorrectly assigned with the original paperwork that was presented to this Board, and we already have the theoretics on what it would look like moving into this fiscal year which money should be trickling in a few months.

Mr. Castillo: Correct the folios and then if not, we have the camera numbers.

Mr. Quesada: Correct.

Mr. Castillo: And I can get you the email, will be you be able to highlight specifically which folios? I guess what I'm trying to say is, and I mean I can probably get that information for you may be faster than to wait for FLOCK to come up with it.

Mr. Quesada: Ok, and how do you prefer it Ginger?

Ms. Wald: Just to make it clear, so the joint participation agreement, and I already talked about this before, but I have prepared a draft, and I've been working with Ben on it, when I need numbers, yes, he was checking on some of the exhibits that will be attached so it's very clear what the CDD is paying for which is only CDD matters but, it's also the amount of money. So, that was the number that I needed you to verify as well.

Mr. Quesada: It was \$100,000 year one, and \$80,000 year two.

Mr. Castillo: Correct.

Ms. Wald: But there was a question as to, were those correct numbers as to those cameras in the system, that's what you were going to verify.

Mr. Castillo: With the accounts and the folios.

Ms. Wald: That's what you need to verify, so that's what you need to double check. So, then once that's done then I just plug in the numbers as to cost, I just plug the cost in because that is going to be the agreement on the CDD side, and the CDD is going to be paying the HOA.

Mr. Castillo: Right.

Ms. Wald: Because the contract is with the HOA, the joint participation agreement the HOA contract is with the contractor and the vendor that's providing the security system because that's what this Board decided a few months ago, it was the cleaner way to do it, I've already prepared it, I just need to get those few things to fill in the blanks, then it will be complete, it will be executed and we're ready to go.

Mr. Castillo: Perfect, so then Ben, let's, I guess you and I can connect on those specifics, and we expect to send that information to FLOCK, and I can work in tandem to see if we can get it faster.

Mr. Quesada: Ok.

Mr. Castillo: And then I'll give you the contact information for the person, so there's three stages, there's the sales, then there's implementation, and then there's the ongoing project manager and at one of those two segments, I think someone will be able to help us.

Mr. Quesada: Ok, so I'll put pending on contact information. Thank you. On a similar note, I had a productive meeting with the HOA staff as far as holiday lighting, and obviously I see some of the trees got wrapped already, some electrical work, we'll discuss that after the meeting because I had some questions for you but, we can chat offline about that. Everything else is looking great, and I don't know if you want to bring this up under Supervisor's requests or now but, there was a comment brought up to me about school, and the new Pinecrest Charter School and some people parking on CDD roads, the little off roads that where the dead end is that's facing the school. So, it's very familiar territory for us, there's multiple options that if the Board would like to consider down the road, and I'll first I'll ask for an update, how are things progressing?

Mr. Castillo: Yes, so from the HOA standpoint we've engaged security to the expense that we can. We are having them stationed there, drop off in the mornings, drop offs in the afternoons, that seems to have been at least deterring the problem. There's one individual that we actually had to tell them they were trespassing, actually from Palm Glades who got very aggressive with not just the security team but, the owner of the lot where she was parked, so that became a huge escalation, and that's been addressed. The good news is with FLOCK, we have a recorded those license plates coming in and out at the drop off and pick up time, so the police were out, we gave them all of that, and every time law enforcement they check the FLOCK system for that same reason, so we're not dealing with that individual any longer. That said, I think it is probably something for us to explore what long term looks like, we have security stationed there, we would love to bring those two hours back to the community, if they're two hours there, they're not patrolling the community, so we need to get creative in some sense.

Ms. Lopez: We were talking about maybe fencing it.

Mr. Castillo: We were talking about fencing it at some point, like a physical fence, or any other suggestions that you may have, I don't know if you have other Districts that are facing a similar issue.

Ms. Lopez: Or maybe just a heavy hedge.

Mr. Quesada: I thought I had it in here, there's a dead end intersection.

Ms. Lopez: It's at 247th and then 120th Avenue.

Mr. Quesada: So 247th Terrace, yes I see it right here.

(At this point several people were talking at one time, and no one conversation could be heard)

Mr. Quesada: I could suggest it there but, I know there's a lot of, so that's why I wanted to bring it up as a discussion with the whole Board is, there's multiple ways to address it, you guys have I know the FLOCK system. We have roving security but, like you said, it's taking away from other areas, so there's a discussion that we had previously as far as CDD partnering with the community, it's a community-wide benefit, or some Districts use off duty police which is also an option.

Ms. Castillo: We considered off duty police but, I guess what would be the easiest thing at this stage, and we don't have to actually have to do this today but, not too often but really just a deterrent, it's not a large amount of people, we don't have a lot of cars flooding the street but, when they do get here, this particular spot becomes an issue, they block this and then they block these lots, this is CDD road, and what they're doing is they're coming to this dead end to then cross over. So, really what we were thinking is, if we have a deterrence here, via a hedge or a fence, that may solve the issue.

Mr. Quesada: Is the Board opposed to having, you could call it a living wall, that's what it would require.

Mr. Castillo: What is that, like a hedge?

Mr. Quesada: It's a hedge, and it's going to accomplish what you're looking for with creating a barrier and privacy.

Ms. Peralta: Yes, let's do that.

Ms. Castillo: Yes, let's just do that.

Mr. Quesada: Ok.

Ms. Wald: I'm looking at the landscaping, what's your authority money-wise?

Mr. Quesada: And like I said, we're starting a new fiscal year now but, as far as assessments go for landscaping we should be able to do it.

Ms. Wald: So, you're within that amount?

Mr. Quesada: Yes.

Ms. Lopez: And just FYI, it's not just this here because what they'll do is they'll block this way because you can basically come all the way up this way.

Mr. Quesada: Ok.

Ms. Wald: We can always put the hedge on the property that we own.

Mr. Castillo: And we own this, and the CDD has this.

Ms. Lopez: And there are two corners, there's a corner right here, there's a fence I think right along here, and then there's another one around here, so there is a way of connecting one corner to the other corner.

Mr. Castillo: And so the CDD owns this swale, so theoretically you could also start blocking it off here, and then block it here, and then the HOA can just fill in the gaps wherever CDD does not own.

Ms. Lopez: Exactly.

Mr. Quesada: Correct, it would be minimal thing, and what we'll do is do our proposal like that.

Mr. Castillo: Ok.

Mr. Quesada: Ok, perfect, and just to throw this out there because you guys are still getting comfortable getting to a full calendar year of being a residential Board, there is in the future if you guys ever wanted to, and I'm just throwing it out there, discretionary thresholds that you could allow management, and Ginger could prepare something, and so if something was to come up between meetings, something like this where we just having an issue or whatever, so anything like that would come back to the Board for ratification, and also we publish all our financials at every meeting but, it would just give me a little bit of leeway where I wouldn't have to come back to the Board with proposals, if you're having a time sensitive issue. God forbid a sidewalk starts to crumble and we're having a safety issues, obviously, we can take the risk, so we don't have any liabilities but, it would just be cleaner and more beneficial at some point if there was a number you guys had in mind that you guys want to discuss, it would give me a little bit more leverage to handle things that need to be addressed for maintenance items.

Mr. Castillo: Yes, I agree with that.

Mr. Quesada: Ok.

Ms. Wald: So, what amount would you like to do, we could put a resolution on for the next meeting, and it's not going to go above the budget. Let's say the budget is \$50,000, so it can never go above that amount but, depending on what you have and what's involved, amount could be like for a mixed-use community, like \$20,000 but, for the smaller ones that have nothing, it's like \$5,000, so it's like anywhere between.

Mr. Castillo: Ok, so I say \$10,000 is good.

Ms. Peralta: Yes.

Mr. Castillo: So, \$10,000 is ok with us.

Mr. Quesada: Do we need a motion?

Ms. Wald: Yes.

Mr. Quesada: So, I would ask for a motion from the Board.

Ms. Wald: And you could do the motion to approve an amount not to exceed \$10,000 for the discretion of the District manager for budgetary items, so you can proceed forward, and then I'll do a formal resolution that can be approved by the Board at a later date so he has it now if you need it.

Mr. Castillo: Ok.

On MOTION by Mr. Castillo seconded by Ms. Peralta with all in favor, authorizing an amount not to exceed discretionary amount of \$10,000 for the District manager for budgetary items was accepted.

Mr. Quesada: And we'll get this living wall addressed, thank you. That's all I have under field unless anybody has any comments on that subject.

Mr. Castillo: Well, there is, and I don't know if now is a good time, or at the Supervisor's requests, but it is field related, 240th, so moving on to this street towards the north of the community, this is District's also, and this road has already been paved and connected, and we wanted to see the feasibility of us opening this area, considering that this is District's just the east entry and exit into the community from another access point.

Ms. Lopez: So, this road right here, 120th, it's right now getting paved as we speak with a sidewalk.

Ms. Wald: Who owns it?

Ms. Lopez: This is county.

Mr. Castillo: This is us.

Ms. Wald: Ok, who is us, in between the county, so whatever that roadway is.

Mr. Castillo: This right here is us, this swale is HOA and then this is CDD.

Ms. Wald: Ok, so what are you looking to do?

Mr. Castillo: Just open it up, so once this road, once 120th is fully paved, and this is a dead end, could we open this up?

Ms. Wald: So, it's HOA property, so the HOA would have to go to the county because you're telling me that this is a county road.

Mr. Castillo: Yes, this is county.

Ms. Wald: And ask the county if they can agree to the county and the HOA would have to pay for it obviously.

Mr. Castillo: Right.

Ms. Wald: But agree with the county taking that over as part of the right-of-way and then the county would maintain it, or if the county would agree to the HOA providing it to the CDD, it would be an extension of our roadway connecting up to there, so you'd have to get county permission.

Mr. Castillo: Ok.

Ms. Wald: So, connecting up to the county's road.

Mr. Castillo: Right.

Mr. Quesada: And I'm going to get an email going with our engineer, also just to have since it's going to affect the CDD roadway, I can find out and see what steps would need to be taken.

Mr. Castillo: Perfect, remember that's going to open it up.

Mr. Quesada: Right.

Ms. Lopez: There's not a lot of traffic thank God in that area, it's a small residential, but I know to get back into the neighborhood because 119th doesn't allow people to come off there, so that would be another way for them to come in.

Mr. Quesada: So, I'll get something circulating with Ginger and the engineer and we'll follow up with the steps and keep you guys updated where we left off.

Mr. Castillo: Perfect, nothing else on field from me.

Mr. Quesada: Thank you.

D. Manager – Final Approval of the FY 2024 Report Performance Measures and Standards

Mr. Quesada: So, jumping into item D which is under manager, on page 20 is the memo, and it's just a report. So, we've already talked to you all on the performance measures and standards and Ginger told us they're almost ready to eliminate it from the legislature but they decided to continue it another year. So, this is our report basically it's summarizing the year in review, making sure that you met your criteria and your goals set

forth in there. So, again, community communication and engagement, I mean I think I've never gone through a budget increase, as smoothly as the way we did here, so I think we checked all those boxes, and I'm just using that as an example. District infrastructure and facility inspections we're continuing to add field services and looking to make improvements throughout the District, and financial transparency and accountability. And again, we've performed well in all our audits, and our financials reports are all in good standing. So, I just wanted to present that to you, if you guys have any questions I can take those, and again, this is something we can change at any time but, it's just basically me checking boxes and making sure we met our goals for the year.

Mr. Castillo: So we had this just over a year or less than a year?

Mr. Quesada: Yes.

Ms. Wald: So, what has to happen, the way they wrote the Statute is you had to adopt it by October 1st of last year, and so, that was done, and now what you're doing here because the fiscal year is over is you're saying whether you met those goals, and you have to do a report, and so when you look, after the memorandum you look at what you did, that's the report, and the report basically is just a check off list. That report, once you make a motion to accept it, that report then has to be put onto the District's website, so that's the requirement under the Statute. So, what Ben is giving to you is his memorandum saying this and the exhibit A is the actual report and if you motion to approve it, then the District manager, Ben, will go in and put it on the website.

Mr. Castillo: Ok, and they're going to limit it to one?

Ms. Wald: Well, we had a bill that was pending to remove it for a few reasons but, we'll just say it really didn't make sense for CDDs but, because there's only so much that you have and the reporting then has to be done, everything is done through your audit anyway, you're not dealing with fire departments, you're not dealing with these large municipal or county requirements, and they've been doing these things for years. So, it never became a formal bill, so it didn't move forward as a law, so that's basically what that is. So, as Ben just went over, all the boxes have been checked, you met your goals and it would be a motion to approve the report and then the authorization to place it on the website.

On MOTION by Mr. Castillo seconded by Ms. Peralta with all in favor, accepting the final approval of the FY 2024 Report Performance Measures and Standards and authorizing to publish it on the District's webpage was accepted.

Ms. Wald: And we already adopted the one for this year, right?

Mr. Quesada: Yes, that was at the July 9th meeting.

FOURTH ORDER OF BUSINESS

Financial Reports

A. Acceptance of Check Register

B. Acceptance of Unaudited Financials

Mr. Quesada: So, next we have the financial reports which starts on page 24, are there any questions about your financials? Not hearing any, I would ask when you're ready for a motion to accept your financials reports.

On MOTION by Mr. Castillo seconded by Ms. Peralta with all in favor, the check register and the unaudited financials were accepted.

FIFTH ORDER OF BUSINESS

Supervisors Requests and Audience Comments

Mr. Quesada: Any Supervisor's requests?

Mr. Castillo: Yes, so just going off of the memorandum that Ginger drafted for us, I do want us to get at the following meeting an agenda item to consider a resolution that would grant the District manager to approve routine, budgeted, and for recurring payments and then have this reported to the Board for informational purposes only rather than approval. So, get an agenda item for discussion so that we can review it together as a group, and then I guess come with the resolution should the Board approve it so that we can get it in motion.

Mr. Quesada: Ok.

Mr. Castillo: No other requests from me at this time with regards to the District. I know we have the electrical work to do, I know that we're pending an invoice for the deposit which we have not sent to the District yet if I'm not mistaken, correct?

Ms. Lopez: Yes, we do have that.

Mr. Castillo: Ok, and so that's not an issue, come next year, with that same process, obviously, instead of the deposit it would be the full payment.

Mr. Quesada: So, I'm happy to share what the CDD does in most cases, and I would recommend and advise you guys to do if you're comfortable with it, is you can pay 50% up front upon installation, and they've agreed to this with us in multiple instances where you're not going to pay them a penny until you see that all the trees are wrapped and everything gets connected. Again, it would be a public record, or we can share one of our agreements, we even put a liquidated damages provision in some of our agreements where if by let's say November 15th if it's not 100% lit, every day that goes by is like a penalty, like a \$200 penalty, whatever amount is given, just giving you guys examples of things that you can put in there so you feel comfortable making that first 50%, and then upon removal, same thing, to make sure everything went according to plan because now you may have some kind of credit that you can go after them or liquidated damages if they didn't meet some of those deadlines and then pay whatever the balance is at that time, the remaining 50% or less whatever that winds up being.

Mr. Castillo: Ok, I think that works, let's do that and then just for clarification, do we own these, or are we renting these every year?

Mr. Quesada: I believe in some cases, well I have to look at that.

Ms. Wald: They could be yours but I don't know, the HOA was the entity on the contract.

Mr. Quesada: Correct.

Mr. Castillo: So it's rentals.

Ms. Wald: The only District that I had that owned their own, they owned it for 5 years and they realized this is costing us more money, just for storing, and they spent a lot of money. So, it does make more sense to just rent.

Mr. Castillo: Right, and I think we're ok with that.

Ms. Wald: So, let them store it, you can change it anytime you want with your agreement, and you can change things up, and that's really the best way to do these, and I'm sure Ben would agree as well, it's just makes more sense.

Mr. Castillo: Ok.

Mr. Quesada: I started with a District that spends quite a bit of money on holiday lighting but, I can tell you that when I first started 10 years ago they were leasing to own, and then it just turns off by the time it comes to the end of the lease term, and that equipment is not any good by then, but what I can tell you and this is more recently another District that

I am involved with, purchased an indoor tree and as long as you have the storage room for it here, you could save a nice chunk of change because indoors it would last a lot longer.

Mr. Castillo: Ok, so I have nothing else on my end. Am I missing anything?

Ms. Peralta: No, nothing.

Mr. Quesada: Thank you, very brief but, I think we got a lot accomplished.

SIXTH ORDER OF BUSINESS

Adjournment

Mr. Quesada: If there are no other comments, I would ask for a motion to adjourn.

On MOTION by Mr. Castillo seconded by Ms. Peralta with all in favor, the meeting was adjourned.

I. Introduction.

The original Silver Palms West Community Development District (herein referred to as the “Original District,” or “Original CDD”) was established by the enactment of Miami-Dade County Ordinance No. 20-126 on December 1, 2020. Such ordinance became effective ten days later on December 11, 2020. The Original District measures approximately 78.86 acres and contains 182 single-family homes, 253 village units, and 217 townhomes, for a total of 652 residential units. As of the date of this Supplemental Engineer’s Report, the public infrastructure supporting the development within the Original CDD, as described in more detail in the Engineer’s Report for Silver Palms West Community Development District prepared by Ford Engineers, Inc., dated January 15, 2021, has been substantially completed.

In May of 2025, the Board of Supervisors of the District petitioned the Board of County Commissioners of Miami-Dade County to expand the boundaries of the CDD by adding approximately 9.36 acres to the Original District planned for 114 condominium units. The expansion was approved by the County Commissioners by enacting Miami-Dade County Ordinance No. 25-119 on December 16, 2025. Such Ordinance became effective ten days later on December 26, 2025 (the “Expansion Area”).

The expanded District now contains 88.22 acres and 766 residential units, of which 78.86 acres and 652 residential units are in the Original District and 9.36 acres and the planned 114 residential units are in the Expansion Area.

The Expansion Area is generally bounded by theoretical SW 125 Avenue on the west, SW 248 Street on the north, theoretical SW 124 Avenue on the east, and theoretical SW 250 Terrace on the south (refer to Exhibits 1 and 2).

The north 40-feet of the Expansion Area, representing 0.62 acres, was dedicated to Miami-Dade County for additional 240 Street road right of way. The remaining 8.74 acres of the 9.36-acre Expansion Area was platted under the name “Solstice” and was recorded at Plat Book 179, Page 14 of the Public Records of Miami-Dade County. The platted area contains two tracts: Tract “A” measuring 8.65 acres for the 114 condominium units, and Tract “B”, measuring 0.09 acres for a sanitary sewer lift station. Tracts “A” and “B” constitute the 8.74-acre development known as “Solstice” (the Development”).

The District will partially finance the public infrastructure that supports the Development. The current owner of the land of the Development is TPG AG EHC SD MULTI STATE 1, LLC. The developer of the Development is Lennar Homes LLC (the “Developer”).

The Development consists of the construction of the 114 condominium units with associated roadway improvements, stormwater drainage, potable water, and sanitary sewer collection systems. The roads, drainage, water, and sewer systems constitute the improvements to be partially financed by the District and are hereinafter referred to as the “Public Infrastructure.” Such Public Infrastructure is estimated to cost approximately \$11,255,000.

II. Purpose of this Engineer’s Report.

The District will partially finance the acquisition or construction of the Public Infrastructure that supports the Development. This Supplemental Engineer’s Report (the “Report”) was prepared for the purpose of describing the following: (i) The composition of the land within the Expansion Area and the intended future ownership of the tracts and easements to be granted; (ii) The Public Infrastructure; (iii) The future ownership and entity responsible for operating and maintaining of the Public Infrastructure; (iv) The current status of construction permits; (v) The intended schedule of construction and; (vi) The estimated Public Infrastructure construction costs.

2nd DRAFT

III. Composition of the Land Within the Expansion Area, the Intended Future Ownerships, and the Grant of Easements.

The 8.74-acre Development contains two tracts: Tract “A” and Tract “B” (Refer to Exhibits 3 and 4). Tract “A” contains the planned 114 residential units, open areas, and platted easements for public utilities and ingress-egress purposes (See Exhibit 4). The onsite Public Infrastructure will be constructed within those platted easements. Tract “B” is reserved for the sanitary sewer lift station.

The table below lists the recorded tracts Identification, their use, surface areas, and intended future ownership.

IV. Description of the Public Infrastructure.

The Public Infrastructure, as described in this Report, consists of roadway improvements, stormwater management and drainage, and water and sanitary sewer improvements that will give service and access to the Development located within the Expansion Area. The proposed Public Infrastructure, as outlined herein, is necessary for the functional development of the Expansion Area and provides a direct and special benefit to the assessable lots within the Expansion Area, as described in the Assessment Methodology Report prepared by Governmental Management Services – South Florida, LLC.. All CDD improvements will be constructed on land owned or to be owned by the District or other units of local government, or on land subject to perpetual easements for such purpose.

a. Roadway Improvements.

The roadway improvements to be financed by the District include the construction of roads in platted public utility and ingress-egress easements and in County right of ways. The Miami-Dade County Mobility Impact fees are part of the roadway improvements as described below. Refer to the approved set of Paving, Grading, And Drainage Plan for Solstice as prepared by Schwebke Shiskin + Associates.

- 1. Onsite CDD Right of Ways:** Two-lane, inverted crown roads with concrete header bands on each side.

2nd DRAFT

2. County Right of Ways: Road widening on SW 248 Street with curbs and gutters and sidewalks.

The Developer intends to grant the CDD the necessary easements at no cost for the construction of the Public Infrastructure.

The Miami-Dade County Road Mobility Impact Fees are included in the estimated cost of CDD roadway improvements. The Developer intends to advance the funds to pay for the impact fees on behalf of the District.

The District will not finance the cost of any earthwork that involves the transportation to, or the spreading or grading on, the private lots.

b. Stormwater Management and Drainage Facilities.

The District will fund the construction or the acquisition of the completed drainage system that supports the Development. Once the drainage system is completed and conveyed to the District, the District will transfer to the County the portion of the drainage system that is located within County-owned right of ways for permanent ownership and maintenance and will retain the remainder of the drainage facilities for ownership and maintenance.

Refer to the approved set of Paving, Grading, And Drainage Plan for Solstice as prepared by Schwebke Shiskin + Associates for details of the drainage facilities.

c. Water Distribution and Sewer Collection Systems.

The construction of the water and sewer systems is included in the Public Infrastructure. The systems extend from the point of connection with County facilities to the property lines of the residential lots.

The Developer intends to grant the District, at no cost, the necessary easements for constructing and accessing these improvements. The District intends to convey to the County the completed water distribution and sewer collection systems for future ownership and maintenance.

The Connection Charges for water and sewer are included in the estimated costs of the Public Infrastructure improvements. The Developer intends to advance the funds to pay for the connection charges on behalf of the District.

Refer to the approved set of Water & Sewer and Lift Station plans for Solstice as prepared by Schwebke Shiskin + Associates for details of the water and sewer facilities.

V. Ownership and Maintenance.

The District will partially finance the acquisition and/or construction of the Public Infrastructure. It will then transfer certain of the improvements to the following agencies for ownership and maintenance:

IX. Engineer's Certification.

It is our opinion that the proposed improvements constituting the Public Infrastructure and their estimated costs set forth herein are fair and reasonable, and that the landowners and residents living within the Expansion Area within the District will receive a direct and special benefit equal to or greater than the cost of such improvements, and that the general public will also receive incidental benefits. We believe that the improvements comprising the Public Infrastructure can be permitted, constructed, and installed at the costs described in this Report. The District will pay the actual cost or fair market value of the Public Infrastructure, whichever is less.

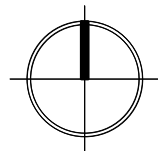

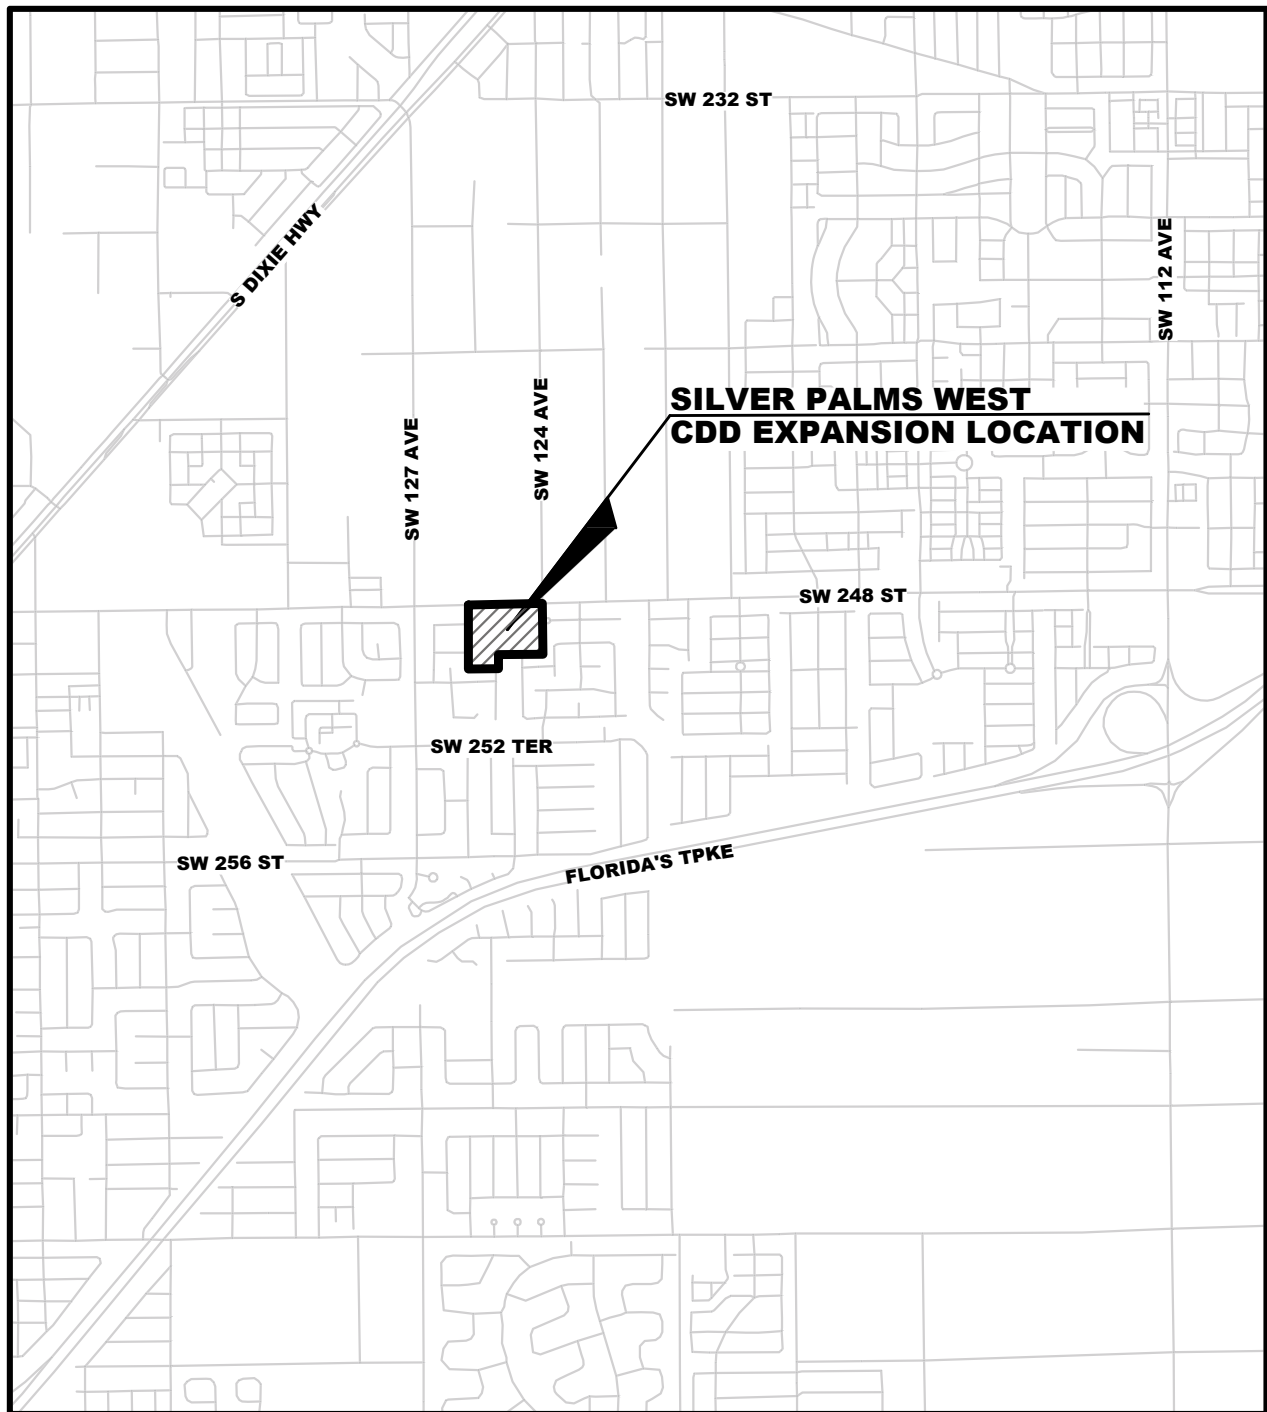

I hereby certify that the foregoing is a true and correct copy of the Supplemental Engineer's Report for the Expansion Area of the Silver Palms West Community Development District.

1.0 Introduction

The Silver Palms West Community Development District (the “District”) is a local unit of special-purpose government organized and existing under Chapter 190, Florida Statutes, as amended (“FS”). The District expects to issue not to exceed \$13,000,000 of special assessment bonds in one or more series (the “Bonds”) for the purpose of financing certain infrastructure improvements within the Expansion Area (as defined below), more specifically described in the First Supplemental Engineer Report for the Expansion Area Infrastructure Improvements, dated January 15, 2026 (the “Engineer’s Report”), prepared by Alvarez Engineers, Inc. (the “District’s Engineer”). The Bonds will be issued to pay for all or a portion of the design, acquisition, construction costs of certain public infrastructure improvements within the Expansion Area, including, but not limited to, stormwater management and control facilities, including, but not limited to, related earthwork; public roadway improvements and any applicable mobility fees; water and wastewater facilities and any applicable connection fees; and all related soft and incidental costs, as are more particularly described in the Engineer’s Report (herein, the “Expansion Area Project” or “Improvement Plan”).

1.1 Purpose

This Master Assessment Methodology Report (the “Report”) provides a methodology that determines the amount of District debt to be allocated to specific properties within the Expansion Area benefitting from the Improvement Plan to be acquired or constructed by the District. The Expansion Area Project is being constructed as one system of improvements benefitting all the property within the boundaries of the Expansion Area. This Report is designed to conform to the requirements of Chapters 190 and 170, Florida Statutes, and will be supplemented to reflect the actual terms and conditions at the time of the issuance of one or more series of the Bonds.

The District intends to impose non-ad valorem special assessments on the benefited lands within the Expansion Area to pay the debt represented by the Bonds in accordance with the methodology set forth in this Report. It is anticipated that all of the proposed special assessments will be collected through the Uniform Method of Collection described in section 197.3632, Florida Statutes, or any other legal means available to the District. It is not the intent of this Report to address any other assessments, if applicable, that may be levied by the District, a homeowner’s association, or any other unit of government.

1.2 Background

The District was established by Miami-Dade County Ordinance No. 20-126 and originally contained approximately 78.86 gross acres (the “Original District Boundaries”) and 652 residential units. In December 2025, the District’s boundaries were expanded by adding approximately 9.36 acres (the “Expansion Area”) planned for 114 condominium units. As a result, the current District boundaries consist of a total of 88.22 acres planned for 766 residential units. Of the 9.36-acre Expansion Area, 0.62 acres were dedicated to Miami-Dade County for SW 248 Street right-of-way, and the remaining 8.74 acres were platted as “Solstice,” consisting of Tract A (8.65 acres planned for 114 residential units and onsite public infrastructure easements) and Tract B (0.09 acres for a sanitary sewer lift station) as depicted in Table 1. The Solstice Plat is recorded at Plat Book 179, Page 14 in the Public Records of Miami-Dade County, Florida. The debt assessments levied pursuant to this methodology shall only be levied on the lands within Tract A within the Expansion Area.

The public improvements comprising the Expansion Area Project contemplated by the District will provide facilities that benefit the assessable property within the Expansion Area. The acquisition costs for the Expansion Area Project are summarized in Table 2.

The assessment methodology is a three-step process. First, the District Engineer determines the costs for the Expansion Area Project contemplated by the District. Second, this cost forms the basis for a debt sizing. Third, the bonded costs are divided among the benefited properties on the basis of the direct and special benefit received as a result of the Expansion Area Project.

1.3 Special Benefits and General Benefits

In the process of constructing or acquiring infrastructure improvements comprising the Expansion Area Project and which provide direct and special benefits to the assessable properties within Tract A within the Expansion Area, incidental general benefits to properties outside of the Expansion Area and the public at large are also created. These general benefits are incidental and different from the direct and special benefits provided to the assessable properties within Tract A within the Expansion Area.

The Improvement Plan is designed to meet the needs of the assessable property within the Expansion Area. The property owners within the Expansion Area are therefore receiving direct and special benefits not received by those outside of Tract A within the Expansion Area.

1.4 Special Benefits Exceed the Costs Allocated

The direct and special benefits provided to the assessable property within Tract A within the Expansion Area will be equal or greater than the costs associated with providing these benefits. The increase in the market value of the benefiting property will exceed the cost of the improvements constituting the Expansion Area Project being acquired by the District. Without the District's Improvement Plan, the property within Tract A within the Expansion Area would not be able to be developed and to be sold as developed property.

1.5 Requirements of a Valid Assessment Methodology

There are two requirements under Florida law for a valid special assessment:

- 1.) The properties to be assessed must receive a direct and special benefit from the improvements being paid for.
- 2.) The assessments must be fairly and reasonably allocated to the properties being assessed.

2.0 Assessment Methodology

2.1 Overview

The District anticipates the issuance of approximately \$13,000,000 in Bonds to finance public infrastructure improvements comprising the Expansion Area Project, provide for capitalized interest, if so required, fund one or more debt service reserve accounts, if applicable, and pay the cost of issuance. It is the purpose of this methodology to allocate the \$13,000,000 in debt to the properties benefiting from the Improvement Plan.

Table 1 identifies the development plan (the "Development Plan") as identified by the Developer, Lennar Homes, LLC (the "Developer"). The Engineer's Report outlines the community wide capital improvements needed to support the Expansion Area, which are shown in Table 2. The public improvements constituting the Expansion Area Project needed to support the development are described in detail in the Engineer's Report and are estimated to cost \$11,255,000. Any portion of the Expansion Area Project not paid for with the proceeds of the Bonds will be financed by the Developer. These improvements will be funded through the issuance of the Bonds. Based on the estimated costs, the size of the bond issue needed to

generate funds to pay for the Expansion Area Project was determined by the District's Underwriter to total approximately \$13,000,000. The District is authorized, but is not required, to issue \$13,000,000 in Bonds or to finance the whole Expansion Area Project. Table 3 depicts the breakdown of the Bond sizing.

2.2 Allocation of Benefit

The planned public improvements constituting the Expansion Area Project are an integrated system of facilities that benefit the assessable land within the Expansion Area. That is, the first few feet of water line or sewer line benefit the landowners as much as the last few feet. The Improvement Plan works as a total system and provides special benefits for each land use. A fair and reasonable method of allocating the benefit to each residential unit in the District would be by assigning an equivalent residential unit ("ERU") to the one product type. The 114 condominium units, which are all similar in size, and have been assigned one (1) ERU. Table 4 shows the allocation of benefits based on this ERU assignment. It is important to note that the direct and special benefit derived from the Expansion Area Project to the residential units identified in the Development Plan is equal to or exceeds the cost that the units will be paying for such benefits.

2.3 Allocation of Debt

Allocation of debt is a continuous process until the Development Plan is completed. The initial assessments will be levied on an equal basis to all acres within the Expansion Area. All of the planned 114 lots within the District have been platted. The assessments will be assigned to the platted lots once property folio numbers are received from the County. A fair and reasonable methodology allocates the debt incurred by the District proportionately to the properties receiving the direct and special benefits. At this point, all of the land within the Expansion Area is benefiting equally from the Improvement Plan, and the special assessments will be assigned on a per acre basis.

Once platting, the recording of declaration of condominium, or other means of identifying individual lots ("Assigned Properties") has begun, the assessments will be levied to the Assigned Properties based on the benefits they receive on a first platted, first assigned basis. The Unassigned Properties, defined as gross acres that have not been platted, will continue to be assessed on a per acre basis. Eventually, the Development Plan will be completed, and the debt relating to the Bonds will be allocated to the planned 114 condominium lots within the Expansion Area, which are the beneficiaries of the public infrastructure improvements constituting the

Expansion Area Project, as depicted in Table 5. If there are changes to the Development Plan, a true up of the assessment will be calculated to determine if a payment from the Developer is required. Debt assessments relating to the Bonds assessed on any land within Tract A within the Expansion Area of the District must be satisfied prior to any transfer of such lands to a unit of Federal, State, or local government. This process is outlined in Section 3.0.

The assignment of debt in this Report sets forth the process by which debt represented by the Bonds is apportioned. As mentioned herein, this Report will be supplemented from time to time.

2.4 Special and Peculiar Benefit to the Expansion Area

As previously mentioned, the capital improvements to be constructed or acquired by the District include stormwater management and control facilities, including, but not limited to, related earthwork, public roadway improvements, and any applicable mobility fees, and water and wastewater facilities, and any applicable connection fees. This will provide peculiar, direct, and special benefits which flow from the logical relationship of the Improvement Plan to the benefiting properties within the Expansion Area. These peculiar, direct, and special benefits consist of the added use of the property, for residential purposes, added enjoyment of the property, and the probability of increased marketability and value of the property.

2.5 Reasonable and Fair Apportionment of the Duty to Pay

A reasonable estimate of the proportion of direct, special, and peculiar benefits received from the Improvement Plan is delineated in Table 4.

The determination has been made that the duty to pay the non-ad valorem special assessments is fairly and reasonably apportioned because the direct, special, and peculiar benefits to the property derived from the acquisition or construction of the Expansion Area Project have been apportioned to the property according to reasonable estimates of the direct, special, and peculiar benefits provided consistent with each land use category.

Accordingly, no acre or parcel of property within the boundaries of Tract A within the Expansion Area will be liened for the payment of any non-ad valorem special assessment more than the determined direct and special benefit peculiar to that unit, and therefore, the debt allocation will not be increased more than the debt allocation set forth in this Report.

In accordance with the benefit allocation in Table 4, a total par amount of the Bonds per unit and an annual debt assessment per unit for the proposed District's Bonds have been calculated for each unit as illustrated in Table 5. These amounts represent the maximum anticipated per unit debt allocations assuming all anticipated units are built and sold in the proportions planned, and the entire proposed infrastructure program is constructed or acquired by the District, and the estimated \$13,000,000 in par amount of the Bonds have been issued.

3.0 True Up

Although the District does not process plats, declaration of condominiums, site plans, or revisions for the Developer, it does have an important role to play during the course of platting and site planning. Whenever a plat, or replat declaration of condominium, or site plan, or revision is processed, the District must allocate a portion of its debt to the property within the Expansion Area according to the methodology outlined herein. In addition, the District must also prevent any buildup of debt on Unassigned Properties. Otherwise, the land could be fully conveyed and/or platted without all of the debt being allocated. To preclude this, at the time Unassigned Properties become Assigned Properties, the District will determine the amount of anticipated assessment revenue that remains on the Unassigned Properties, taking into account

the proposed plat or site plan approval. If the total anticipated assessment revenue to be generated from the Assigned and Unassigned Properties is greater than or equal to the maximum annual debt service on the Bonds, then no debt reduction payment will be required. In the case that the revenue generated is less than the required amount to pay debt service on the Bonds, then a debt reduction payment by the Developer in the amount necessary to reduce the par amount of the outstanding Bonds plus accrued interest to a level that will be supported by the new maximum annual debt service will be required. This true up mechanism may be memorialized through an agreement between the District and the Developer, which may contain additional provisions. This true up process will also apply to any replats.

In addition, property within the Expansion Area that is sold with development entitlements assigned will be subject to a true up test with respect to the entitlements conveyed to such property. In the event unplatted land is sold to a third party (the "Transferred Property"), the bond assessments will be assigned to such Transferred Property at the time of the sale based on the maximum total number of ERUs assigned by the Developer to that Transferred Property, subject to review by the District's methodology consultant, to ensure that any such assignment is reasonable, supported by current development rights and plans, and otherwise consistent with this Report. The owner of the Transferred Property will be responsible for the total bond assessments applicable to the Transferred Property,

regardless of the total number of ERUs ultimately actually platted. This total bond assessment is allocated to the Transferred Property at the time of the sale.

This true up mechanism may be memorialized through an agreement between the District and the Developer, which may contain additional provisions.

4.0 Assessment Roll

The District will initially distribute the liens across the property within Tract A within the Expansion Area boundaries on a gross acreage basis. All of the planned 114 lots within the District have been platted. The assessments will be assigned to the platted lots once property folio numbers are received from the County. As Assigned Property becomes known with certainty, the District will refine its allocation of debt from a per acre basis to a per unit basis, as shown in Table 6, on a first platted, first assigned basis. If the land use plan changes, then the District will update Table 6 to reflect the changes. As a result, the assessment liens are neither fixed nor are they determinable with certainty on any acre of land in the District prior to the time final Assigned Properties become known. As the development process occurs, the debt will be distributed against the Assigned Property in the manner described in this Report. The current assessment roll is depicted in Table 6.

SECTION 2.07. Book-Entry Form of Series 2026 Bonds. The Series 2026 Bonds shall be issued as one fully registered bond for each maturity of Series 2026 Bonds and deposited with The Depository Trust Company (“DTC”), which is responsible for establishing and maintaining records of ownership for its participants.

As long as the Series 2026 Bonds are held in book-entry-only form, Cede & Co. shall be considered the registered owner for all purposes hereof and in the Master Indenture. DTC shall be responsible for maintaining a book-entry-only system for recording the ownership interest of its participants (“Direct Participants”) and other institutions that clear through or maintain a custodial

relationship with a Direct Participant, either directly or indirectly (“Indirect Participants”). The Direct Participants and Indirect Participants will be responsible for maintaining records with respect to the beneficial ownership interests of individual purchasers of the Series 2026 Bonds (“Beneficial Owners”).

The Issuer, the Trustee, the Registrar and the Paying Agent shall have no responsibility or obligation to any Direct Participant or to any Indirect Participant. Without limiting the immediately preceding sentence, the Issuer, the Trustee, the Registrar and the Paying Agent shall have no responsibility or obligation with respect to (a) the accuracy of the records of DTC, Cede & Co., or any Direct Participant or Indirect Participant with respect to any ownership interest in the Series 2026 Bonds, (b) the delivery to any Direct Participant or Indirect Participant or any other person other than an Owner, as shown in the registration books kept by the Registrar, of any notice with respect to the Series 2026 Bonds, including any notice of redemption, or (c) the payment to any Direct Participant or Indirect Participant or any other person, other than an Owner, as shown in the registration books kept by the Registrar, of any amount with respect to principal of, or interest on the Series 2026 Bonds. The Issuer, the Trustee, the Registrar and the Paying Agent shall treat and consider the person in whose name each Series 2026 Bond is registered in the registration books kept by the Registrar as the absolute Owner of such Series 2026 Bond for the purpose of payment of principal and interest with respect to such Series 2026 Bond, for the purpose of giving notices of redemption and other matters with respect to such Series 2026 Bond, for the purpose of registering transfers with respect to such Series 2026 Bond, and for all other purposes whatsoever. Notwithstanding any of the foregoing, the Trustee is authorized to recognize the Beneficial Owner of the Series 2026 Bonds for purposes of this Section 2.07 if beneficial ownership is proven to the satisfaction of the Trustee.

Principal and interest on the Series 2026 Bonds registered in the name of Cede & Co. prior to and at maturity shall be payable directly to Cede & Co. in care of DTC. Disbursal of such amounts to Direct Participants shall be the responsibility of DTC. Payments by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners shall be the responsibility of Direct Participants and Indirect Participants and not of DTC, the Trustee or the Issuer.

Individuals may purchase beneficial interests in Authorized Denominations in book-entry-only form, without certificated Series 2026 Bonds, through Direct Participants and Indirect Participants.

During the period for which Cede & Co. is registered owner of the Series 2026 Bonds, any notices to be provided to any Beneficial Owner will be provided to Cede & Co. DTC shall be responsible for notices to Direct Participants and Direct Participants shall be responsible for notices to Indirect Participants, and Direct Participants and Indirect Participants shall be responsible for notices to Beneficial Owners.

The Issuer and the Trustee, if appropriate, shall enter into a blanket letter of representations with DTC providing for such book-entry-only system. Such agreement may be terminated at any time by either DTC or the Issuer in accordance with the procedures of DTC. In the event of such termination, the Issuer shall select another securities depository and in that event, all references herein to DTC or Cede & Co., shall be deemed to be for reference to such successor. If the Issuer does not replace DTC, the Trustee will register and deliver to the Beneficial Owners replacement

Series 2026 Bonds in the form of fully registered Series 2026 Bonds in accordance with the instructions from Cede & Co.

Upon receipt by the Trustee or the Issuer of written notice from DTC (a) confirming that DTC has received written notice from the Issuer to the effect that a continuation of the requirement that all of the Outstanding Series 2026 Bonds be registered in the registration books kept by the Registrar in the name of Cede & Co., as nominee of DTC, is not in the best interest of the Beneficial Owners of the Series 2026 Bonds, or (b) to the effect that DTC is unable or unwilling to discharge its responsibilities and no substitute bond depository willing to undertake the functions of DTC hereunder can be found which is willing and able to undertake such functions upon reasonable and customary terms, the Series 2026 Bonds shall no longer be restricted to being registered in the registration books kept by the Registrar in the name of Cede & Co., as nominee of DTC, but may be registered in whatever name or names registered owners transferring or exchanging the Series 2026 Bonds shall designate, in accordance with the provisions hereof.

In the event DTC, any successor of DTC or the Issuer, but only in accordance with the procedures of DTC, elects to discontinue the book-entry only system, the Trustee shall deliver bond certificates in accordance with the written instructions from DTC or its successor and after such time Series 2026 Bonds may be exchanged for an equal aggregate principal amount of Series 2026 Bonds in other Authorized Denominations upon surrender thereof at the designated corporate trust office of the Trustee.

SECTION 2.08. Appointment of Registrar and Paying Agent. The Issuer shall keep, at the designated corporate trust office of the Registrar, books (the “Bond Register”) for the registration, transfer and exchange of the Series 2026 Bonds, and hereby appoints U.S. Bank Trust Company, National Association, as its Registrar to keep such books and make such registrations, transfers, and exchanges as required hereby. U.S. Bank Trust Company, National Association hereby accepts its appointment as Registrar and its duties and responsibilities as Registrar hereunder. Registrations, transfers and exchanges shall be without charge to the Bondholder requesting such registration, transfer or exchange, but such Bondholder shall pay any taxes or other governmental charges on all registrations, transfers and exchanges.

The Issuer hereby appoints U.S. Bank Trust Company, National Association as Paying Agent for the Series 2026 Bonds. U.S. Bank Trust Company, National Association hereby accepts its appointment as Paying Agent and its duties and responsibilities as Paying Agent hereunder.

SECTION 2.09. Conditions Precedent to Issuance of the Series 2026 Bonds. In addition to complying with the requirements set forth in the Master Indenture in connection with the issuance of the Series 2026 Bonds, all the Series 2026 Bonds shall be executed by the Issuer for delivery to the Trustee and thereupon shall be authenticated by the Trustee and delivered to the Issuer or upon its order, but only upon the further receipt by the Trustee of:

- (a) Certified copies of the Assessment Resolutions;
- (b) Executed originals of the Master Indenture and this Second Supplemental Indenture;

(c) An opinion of Counsel to the District, also addressed to the Trustee, substantially to the effect that (i) the Issuer has been duly established and validly exists as a community development district under the Act, (ii) the Issuer has good right and lawful authority under the Act to construct and/or purchase the Expansion Area Project being financed with the proceeds of the Series 2026 Bonds, subject to obtaining such licenses, orders or other authorizations as are, at the date of such opinion, required to be obtained from any agency or regulatory body having lawful jurisdiction in order to own and operate the Expansion Area Project, (iii) all proceedings undertaken by the Issuer with respect to the Series 2026 Special Assessments have been in accordance with Florida law, (iv) the Issuer has taken all action necessary to levy and impose the Series 2026 Special Assessments, and (v) the Series 2026 Special Assessments are legal, valid and binding liens upon the property against which such Series 2026 Special Assessments are made, coequal with the lien of all state, county, district and municipal taxes, superior in dignity to all other liens, titles and claims, until paid;

(d) A certificate of an authorized officer of the Issuer to the effect that, upon the authentication and delivery of the Series 2026 Bonds, the Issuer will not be in default in the performance of the terms and provisions of the Master Indenture or this Second Supplemental Indenture; and

(e) An executed copy of the Collateral Assignment.

Receipt by the Trustee of the net proceeds from the initial sale of the Series 2026 Bonds shall constitute conclusive evidence of the fulfillment of the conditions precedent for the issuance of the Series 2026 Bonds set forth in this Section 2.09 to the satisfaction of the District and the Underwriter.

Notwithstanding any of the foregoing, amounts on deposit in the Series 2026 Reserve Account shall be transferred by the Trustee, in the amounts directed in writing by the Majority Holders of the Series 2026 Bonds to the Series 2026 General Redemption Subaccount of the Series

2026 Bond Redemption Account, if as a result of the application of Article X of the Master Indenture, the proceeds received from lands sold subject to the Series 2026 Special Assessments and applied to redeem a portion of the Series 2026 Bonds is less than the principal amount of Series 2026 Bonds indebtedness attributable to such lands.

Subject to the provisions of Section 4.05 hereof, on any date the Issuer or the District Manager, on behalf of the Issuer, receives notice that a landowner wishes to prepay its Series 2026 Special Assessments relating to the benefited property of such landowner within the District, or as a result of a mandatory true-up payment, the Issuer shall, or cause the District Manager, on behalf of the Issuer to, calculate the principal amount of such Prepayment taking into account a credit against the amount of the Series 2026 Prepayment Principal due by the amount of money in the Series 2026 Reserve Account that will be in excess of the applicable Reserve Requirement, taking into account the proposed Prepayment. Such excess in the Series 2026 Reserve Account shall be transferred by the Trustee to the Series 2026 Prepayment Subaccount of the Series 2026 Bond Redemption Account, as a result of such Prepayment. The District Manager, on behalf of the Issuer, shall make such calculation within ten (10) Business Days after receiving notice of such Prepayment and shall instruct the Trustee in writing to transfer such amount of credit given to the landowner from the Series 2026 Reserve Account to the Series 2026 Prepayment Subaccount of the Series 2026 Bond Redemption Account to be used for the extraordinary mandatory redemption of the Series 2026 Bonds in accordance with Section 3.01(b)(i) hereof. The Trustee is authorized to make such transfers and has no duty to verify such calculations. Notwithstanding the foregoing and as further described in the next succeeding paragraph, upon satisfaction of the Release Conditions, the Trustee shall deposit such excess on deposit in the Series 2026 Reserve Account as described below to the Series 2026 Acquisition and Construction Account and pay such amount deposited in the Series 2026 Acquisition and Construction Account to the Person or Persons designated in a requisition in the form attached hereto as Exhibit "C" submitted to the Issuer by the Developer, which requisition shall be executed by the Issuer and the Consulting Engineer. Such payment is authorized notwithstanding that the Completion Date might have been declared provided that there are Costs of the Series 2026 Project that were not paid from moneys initially deposited in the Series 2026 Acquisition and Construction Account and the Trustee has on file one or more properly executed unfunded requisitions. In the event there are multiple unfunded requisitions on file with the Trustee, the Trustee shall fund such requisitions in the order the Trustee has received them (from oldest to newest). In the event that there are no unfunded requisitions on file with the Trustee, such excess moneys transferred from the Series 2026 Reserve Account to the Series 2026 Acquisition and Construction Account shall be deposited into the Series 2026 General Redemption Subaccount of the Series 2026 Bond Redemption Account.

Upon satisfaction of the Release Conditions, as evidenced by a written certificate of the District Manager delivered to the Issuer and the Trustee, stating that the Release Conditions have been satisfied and setting forth the amount of the new Series 2026 Reserve Requirement, the Trustee shall without further direction reduce the Series 2026 Reserve Requirement to ten percent (10%) upon satisfaction of Release Conditions of the maximum annual debt service of the then Outstanding principal amount of the Series 2026 Bonds as calculated by the District Manager. The excess amount in the Series 2026 Reserve Account as a result of satisfaction of Release Conditions shall be transferred to the Series 2026 Acquisition and Construction Account. The Trustee may conclusively rely on such written certificate of the District Manager.

In addition, in the event of an extraordinary mandatory redemption pursuant to Section 3.01(b)(iii), the District Manager shall calculate the applicable Reserve Requirement and communicate the same to the Trustee and the Trustee shall apply any excess in the Series 2026 Reserve Account toward such extraordinary mandatory redemption.

(g) Pursuant to Section 6.06 of the Master Indenture, the Trustee shall establish a separate Series Bond Redemption Account within the Bond Redemption Fund designated as the “Series 2026 Bond Redemption Account” and within such Account, a “Series 2026 General Redemption Subaccount,” a “Series 2026 Optional Redemption Subaccount,” and a “Series 2026 Prepayment Subaccount.” Except as otherwise provided in this Second Supplemental Indenture regarding Prepayments or in connection with the optional redemption of the Series 2026 Bonds, moneys to be deposited into the Series 2026 Bond Redemption Account as provided in Section 6.06 of the Master Indenture, shall be deposited to the Series 2026 General Redemption Subaccount of the Series 2026 Bond Redemption Account.

(h) Moneys that are deposited into the Series 2026 General Redemption Subaccount of the Series 2026 Bond Redemption Account (including all earnings on investments held therein) shall be used to call Series 2026 Bonds for the extraordinary mandatory redemption in whole, pursuant to Section 3.01(b)(ii) hereof or in part pursuant to Section 3.01(b)(iii) hereof.

(i) Moneys in the Series 2026 Prepayment Subaccount of the Series 2026 Bond Redemption Account (including all earnings on investments held in such Series 2026 Prepayment Subaccount of the Series 2026 Bond Redemption Account) shall be accumulated therein to be used to call for redemption pursuant to Section 3.01(b)(i) hereof an amount of Series 2026 Bonds equal to the amount of money transferred to the Series 2026 Prepayment Subaccount of the Series 2026 Bond Redemption Account for the purpose of such extraordinary mandatory redemption on the dates and at the price provided in such Section 3.01(b)(i) hereof.

(j) The Issuer hereby directs the Trustee to establish a Series 2026 Rebate Fund designated as the “Series 2026 Rebate Fund.” Moneys shall be deposited into the Series 2026 Rebate Fund, as provided in the Arbitrage Certificate and applied for the purposes provided therein.

(k) Any moneys on deposit in the Series 2026 Optional Redemption Subaccount shall be used to optionally redeem all or a portion of the Series 2026 Bonds pursuant to Section 3.01(a) hereof.

SECTION 4.02. Series 2026 Revenue Account. The Trustee shall transfer from amounts on deposit in the Series 2026 Revenue Account to the Funds and Accounts designated below, the following amounts, at the following times and in the following order of priority:

FIRST, upon receipt but no later than the Business Day next preceding each _____ 15 commencing _____ 15, 2026, to the Series 2026 Interest Account of the Debt Service Fund, an amount equal to the interest on the Series 2026 Bonds becoming due on the next succeeding _____ 15, less any amount on deposit in the Series 2026 Interest Account not previously credited;

SECOND, upon receipt but no later than the Business Day next preceding each _____ 15 commencing _____ 15, 2026, to the Series 2026 Interest Account of the Debt Service Fund, an amount equal to the interest on the Series 2026 Bonds becoming due on the next succeeding _____ 15, less any amounts on deposit in the Series 2026 Interest Account not previously credited;

THIRD, no later than the Business Day next preceding each June 15, commencing June 15, 20XX, to the Series 2026 Sinking Fund Account of the Debt Service Fund, an amount equal to the principal amount of Series 2026 Bonds subject to sinking fund redemption on such June 15, less any amount on deposit in the Series 2026 Sinking Fund Account not previously credited;

FOURTH, no later than the Business Day next preceding each June 15, which is a principal payment date for any Series 2026 Bonds, to the Series 2026 Principal Account of the Debt Service Fund, an amount equal to the principal amount of Series 2026 Bonds Outstanding maturing on such June 15, less any amounts on deposit in the Series 2026 Principal Account not previously credited;

FIFTH, notwithstanding the foregoing, at any time the Series 2026 Bonds are subject to redemption on a date which is not a June 15 or December 15 Interest Payment Date, the Trustee shall be authorized to transfer from the Series 2026 Revenue Account to the Series 2026 Interest Account, the amount necessary to pay interest on the Series 2026 Bonds subject to redemption on such date;

SIXTH, upon receipt but no later than the Business Day next preceding each Interest Payment Date while Series 2026 Bonds remain Outstanding, to the Series 2026 Reserve Account, an amount equal to the amount, if any, which is necessary to make the amount on deposit therein equal to the Reserve Requirement for the Series 2026 Bonds; and

SEVENTH, subject to the foregoing paragraphs, the balance of any moneys remaining after making the foregoing deposits shall be deposited into the Series 2026 Costs of Issuance Account to cover any deficiencies in the amount allocated to pay the cost of issuing the Series 2026 Bonds and next, any balance in the Series 2026 Revenue Account shall remain on deposit in such Series 2026 Revenue Account, unless pursuant to the Arbitrage Certificate, it is necessary to make a deposit into the Series 2026 Rebate Fund , in which case, the Issuer shall direct the Trustee to make such deposit thereto.

SECTION 4.03. Power to Issue Series 2026 Bonds and Create Lien. The Issuer is duly authorized under the Act and all applicable laws of the State to issue the Series 2026 Bonds, to execute and deliver the Indenture and to pledge the Series 2026 Pledged Revenues for the benefit of the Series 2026 Bonds to the extent set forth herein. The Series 2026 Pledged Revenues are not and shall not be subject to any other lien senior to or on a parity with the lien created in favor of the Series 2026 Bonds, except as otherwise permitted under the Master Indenture. The Series 2026 Bonds and the provisions of the Indenture are and will be valid and legally enforceable obligations of the Issuer in accordance with their respective terms. The Issuer shall, at all times, to the extent permitted by law, defend, preserve and protect the pledge created by the Indenture and all the rights

of the Owners of the Series 2026 Bonds under the Indenture against all claims and demands of all persons whomsoever.

SECTION 4.04. Expansion Area Project to Conform to Consulting Engineers Report. Upon the issuance of the Series 2026 Bonds, the Issuer will promptly proceed to construct or acquire the Expansion Area Project, as described in Exhibit A hereto and in the Consulting Engineer's Report relating thereto, all pursuant to the terms and provisions of the Acquisition Agreement.

SECTION 4.05. Prepayments; Removal of the Series 2026 Special Assessment Liens.

(a) At any time any owner of property within the Expansion Area within the District, which property is subject to the Series 2026 Special Assessments may, at its option, or as a result of acceleration of the Series 2026 Special Assessments because of non-payment thereof, or as a result of a true-up payment, shall require the Issuer to reduce or release and extinguish the lien upon its property by virtue of the levy of the Series 2026 Special Assessments by paying or causing there to be paid, to the Issuer all or a portion of the Series 2026 Special Assessment, which shall constitute Series 2026 Prepayment Principal, plus, accrued interest to the next succeeding Quarterly Redemption Date (or the second succeeding Quarterly Redemption Date if such Prepayment is made within forty-five (45) calendar days before a Quarterly Redemption Date), attributable to the property subject to the Special Assessment owned by such owner.

(b) Upon receipt of Series 2026 Prepayment Principal as described in paragraph (a) above, subject to satisfaction of the conditions set forth therein, the Issuer shall immediately pay the amount so received to the Trustee, and the Issuer shall take such action as is necessary to record in the official records of the District that the Series 2026 Special Assessment has been paid in whole or in part and that such Series 2026 Special Assessment lien is thereby reduced, or released and extinguished, as the case may be.

(c) The Trustee may conclusively rely on the Issuer's determination of what moneys constitute Prepayments. The Trustee shall calculate the amount available for the extraordinary mandatory redemption of the applicable Series 2026 Bonds pursuant to Section 3.01(b)(i) hereof forty-five (45) days prior to each Quarterly Redemption Date and will withdraw money from the Series 2026 Reserve Account as a credit against the amount of Prepayment that is owed in an amount as directed by the District. No credit shall be given if as a result the Reserve Requirement shall be less than is required after taking into account the proposed extraordinary mandatory redemption pursuant to Section 3.01(b)(i) hereof. At any time such Prepayment is not in an integral multiple of \$5,000, the Trustee shall withdraw moneys from the Series 2026 Revenue Account to round-up to an integral multiple of \$5,000 and deposit such amount into the Series 2026 Prepayment Subaccount. Notwithstanding the foregoing, the Trustee shall not be authorized to withdraw any moneys from the Series 2026 Revenue Account unless all of the deposits required under Section 4.02 hereof have or can be made to the next succeeding Interest Payment Date.

COVENANTS AND DESIGNATIONS OF THE ISSUER

SECTION 5.01. Collection of Series 2026 Special Assessments. Pursuant to the terms and provisions of the Master Indenture and except as provided in the next succeeding sentence, the Issuer shall collect the Series 2026 Special Assessments relating to the acquisition and construction of the Expansion Area Project through the Uniform Method of Collection (the “Uniform Method”) afforded by Section 197.3622, Florida Statutes. Pursuant to the terms and provisions of the Master Indenture, the Issuer shall, pursuant to the provisions of the Assessment Resolutions, directly collect the Series 2026 Special Assessments levied in lieu of the Uniform Method with respect to any assessable lands which have not yet been platted, unless the Trustee at the direction of the Majority Holders directs the Issuer otherwise or the timing for using the Uniform Method will not yet allow for using such method,. In addition, and not in limitation of, the covenants contained elsewhere in this Second Supplemental Indenture and in the Master Indenture, the Issuer covenants to comply with the terms of the proceedings heretofore adopted with respect to the Series 2026 Special Assessments, and to levy the Series 2026 Special Assessments in such manner as will generate funds sufficient to pay debt service on the Series 2026 Bonds when due. All Series 2026 Special Assessments that are collected directly by the Issuer shall be due and payable by the landowner not later than thirty (30) days prior to each Interest Payment Date.

SECTION 5.02. Continuing Disclosure. Contemporaneously with the execution and delivery hereof, the Issuer has executed and delivered a Continuing Disclosure Agreement in order to comply with the requirements of Rule 15c2-12 promulgated under the Securities and Exchange Act of 1934. The Issuer covenants and agrees to comply with the provisions of such Continuing Disclosure Agreement applicable to it; however, as set forth therein, failure to so comply shall not constitute an Event of Default hereunder, but shall instead be enforceable by mandamus or any other means of specific performance.

SECTION 5.03. Investment of Funds and Accounts. The provisions of Section 7.02 of the Master Indenture shall apply to the investment and reinvestment of moneys in the Series 2026 Accounts and subaccounts therein created hereunder.

SECTION 5.04. Additional Obligations. The Issuer covenants not to issue any other Bonds or other debt obligations secured by the Series 2026 Special Assessments. Such covenant shall not prohibit the Issuer from issuing refunding bonds. In addition, the Issuer covenants not to issue any other Bonds or debt obligations secured by Special Assessments on assessable lands within the Expansion Area within the District that are subject to the Series 2026 Special Assessments unless the Series 2026 Special Assessments levied within the District have been Substantially Absorbed, provided the foregoing shall not preclude the imposition of Special Assessments or other non-ad valorem assessments on such lands in connection with other capital projects that are necessary for health, safety or welfare reasons or to remediate a natural disaster. The Trustee and the Issuer may rely on a written certificate from the District Manager regarding the occurrence of the Series 2026 Special Assessments being Substantially Absorbed. Notwithstanding any provision in the Indenture to the contrary, the Issuer may issue other Bonds or debt obligations secured by Special Assessments, other than the Series 2026 Special Assessments, at any time upon the written consent of the Majority Holders.

SECTION 5.05. Acknowledgement Regarding Series 2026 Acquisition and Construction Account Moneys Following an Event of Default. In accordance with the provisions of the Indenture, the Series 2026 Bonds are payable solely from the Series 2026 Pledged Revenues. Anything in the Indenture to the contrary notwithstanding, the Issuer hereby acknowledges that, upon the occurrence of an Event of Default with respect to the Series 2026 Bonds, the Series 2026 Pledged Revenues which include, without limitation, all amounts on deposit in the Series 2026 Acquisition and Construction Account of the Acquisition and Construction Fund then held by the Trustee may not be used by the Issuer (whether to pay costs of the Expansion Area Project or otherwise) without the consent of the Majority Holders. The Series 2026 Pledged Revenues may be used by the Trustee, at the direction or with the approval of the Majority Holders, to pay the reasonable costs and expenses incurred in connection with the pursuit of remedies under the Indenture. The Issuer covenants not to enter into any contract regarding the Expansion Area Project from and after the occurrence of an Event of Default without the written direction of the Majority Holders.

Reference is hereby made to the Indenture for the provisions, among others, with respect to the custody and application of the proceeds of the Series 2026 Bonds issued under the Indenture, the operation and application of the Debt Service Fund, the Series 2026 Reserve Account within the Debt Service Reserve Fund and other Funds and Accounts (each as defined in the Indenture) charged with and pledged to the payment of the principal of and the interest on the Series 2026 Bonds, the levy and the evidencing and certifying for collection, of the Series 2026 Special Assessments, the nature and extent of the security for the Bonds, the terms and conditions on which the Series 2026 Bonds are issued, the rights, duties and obligations of the Issuer and of the Trustee under the Indenture, the conditions under which such Indenture may be amended without the consent of the registered owners of the Series 2026 Bonds, the conditions under which such Indenture may be amended with the consent of the Majority Holders of the Series 2026 Bonds outstanding, and as to other rights and remedies of the registered owners of the Series 2026 Bonds.

The owner of this Bond shall have no right to enforce the provisions of the Indenture or to institute action to enforce the covenants therein, or to take any action with respect to any event of default under the Indenture or to institute, appear in or defend any suit or other proceeding with respect thereto, except as provided in the Indenture.

It is expressly agreed by the owner of this Bond that such owner shall never have the right to require or compel the exercise of the ad valorem taxing power of the Issuer, the County, the State or any other political subdivision thereof, or taxation in any form of any real or personal property of the Issuer, the County, the State or any other political subdivision thereof, for the payment of the principal of and interest on this Bond or the making of any other sinking fund and other payments provided for in the Indenture, except for the Series 2026 Special Assessments to be assessed and levied by the Issuer as set forth in the Indenture.

By the acceptance of this Bond, the owner hereof assents to all the provisions of the Indenture.

This Bond is payable from and secured by Series 2026 Pledged Revenues, as such term is defined in the Indenture, all in the manner provided in the Indenture. The Indenture provides for the levy and the evidencing and certifying, of non-ad valorem assessments in the form of the Series 2026 Special Assessments to secure and pay the Bonds.

The Series 2026 Bonds are subject to redemption prior to maturity in the amounts, at the times and in the manner provided below. All payments of the redemption price of the Series 2026 Bonds shall be made on the dates specified below. Upon any redemption of Series 2026 Bonds other than in accordance with scheduled mandatory sinking fund redemption, the Issuer shall cause to be recalculated and delivered to the Trustee revised mandatory sinking fund redemption amounts recalculated so as to amortize the Outstanding principal amount of Series 2026 Bonds in substantially equal annual installments of principal and interest (subject to rounding to Authorized Denominations of principal) over the remaining term of the Series 2026 Bonds. The mandatory sinking fund redemption amounts as so recalculated shall not result in an increase in the aggregate of the mandatory sinking fund redemption amounts for all Series 2026 Bonds in any year. In the

event of a redemption or purchase occurring less than forty-five (45) days prior to a date on which a mandatory sinking fund redemption payment is due, the foregoing recalculation shall not be made to the mandatory sinking fund redemption amounts due in the year in which such redemption or purchase occurs, but shall be made to the mandatory sinking fund redemption amounts for the immediately succeeding and subsequent years.

Optional Redemption

The Series 2026 Bonds may, at the option of the Issuer, provided written notice hereof has been sent to the Trustee at least forty-five (45) days prior to the redemption date (unless the Trustee will accept less than forty-five (45) days' notice), be called for redemption prior to maturity as a whole or in part, at any time, on or after [June 15], 20XX (less than all Series 2026 Bonds of a maturity to be selected by lot), at a Redemption Price equal to the principal amount of Series 2026 Bonds to be redeemed, plus accrued interest from the most recent Interest Payment Date to the redemption date from moneys on deposit in the Series 2026 Optional Redemption Subaccount of the Series 2026 Bond Redemption Account. If such optional redemption shall be in part, the Issuer shall select such principal amount of Series 2026 Bonds to be optionally redeemed from each maturity so that debt service on the remaining Outstanding Series 2026 Bonds is substantially level.

Mandatory Sinking Fund Redemption

The Series 2026 Bonds maturing on June 15, 20XX are subject to mandatory sinking fund redemption from the moneys on deposit in the Series 2026 Sinking Fund Account on June 15 in the years and in the mandatory sinking fund redemption amounts set forth below at a redemption price of 100% of their principal amount plus accrued interest to the date of redemption. Such principal amounts shall be reduced as specified by the Issuer by the principal amount of any Series 2026 Bonds redeemed pursuant to optional or extraordinary mandatory redemption as set forth herein or purchased and cancelled pursuant to the provisions of the Indenture.

Except as otherwise provided in the Indenture, if less than all of the Bonds subject to redemption shall be called for redemption, the particular such Bonds or portions of such Bonds to be redeemed shall be selected randomly by the Trustee, as provided in the Indenture.

Notice of each redemption of the Bonds is required to be mailed by the Trustee by first class mail, postage prepaid, not less than thirty (30) nor more than sixty (60) days prior to the redemption date to each Registered Owner of the Bonds to be redeemed at the address of such Registered Owner recorded on the bond register maintained by the Registrar. The Owner of this Bond shall have no right to enforce the provisions of the Indenture or to institute action to enforce the covenants therein, or to take any action with respect to any Event of Default under the Indenture, or to institute, appear in or defend any suit or other proceeding with respect thereto, except as provided in the Indenture.

Modifications or alterations of the Indenture or of any indenture supplemental thereto may be made only to the extent and in the circumstances permitted by the Indenture.
